YOUNG INVESTIGATOR PRIZE

Proteomic Forum 2013

Young scientists participating at the Proteomic Forum 2013 are invited to apply for this year's YOUNG INVESTIGATOR PRIZE of the German Society for Proteome Research. Candidates younger than 33 years are invited to submit an extended abstract (1-2 pages, up to 3 figures) together with a short CV as pdf files per email. All topics in the area of proteomics are welcome. Unpublished and recently published work (2011 and later) will be considered. The active contribution of the candidate should be highlighted in case of a project with multiple authors. Our committee will shortlist 6 candidates for an oral presentation (10 min) at the Proteomic Forum. The winner will be selected by the auditorium based on the talk. Deadline for submission of applications is the February 25th, 2013.

| | |
|---------------------|---|
| <u>Application</u> | extended abstract and CV send to roland.kellner@merckgroup.com |
| <u>Deadline</u> | February 25 th , 2013 |
| <u>Presentation</u> | oral presentation (10 min) Tuesday, March 2013 |
| <u>Award</u> | all invited candidates to attend the Speakers Dinner. Prices of 1.000 € / 500 € / 250 € to be assigned at the Social Dinner. |

YIP Committee

Friedrich Lottspeich, Martinsried
Kai Stühler, Düsseldorf
Matthias Selbach, Berlin
Roland Kellner, Darmstadt (chair)
Uwe Völker, Greifswald

The German Society for Proteome Research (DGPF) offers 10 travel scholarships for the Proteomics Forum 2013

The support of young scientist is one of the major aims of the DGPF. Therefore, the DGPF Working Group 'Students of the German Proteomics Society' (SoGS) plans several activities for young scientists at the Proteomic Forum 2013 in Berlin. Beside the [Young Investigator Prize](#) (YIP) there will be an [Educational Day and Doctor's office](#) allowing not only young scientists to learn more about the protein structure elucidation by MS or NMR or to discuss practical questions about gel electrophoresis and mass spectrometry, respectively.

On Monday evening (March 18, 2013) the "SoGS-Stammtisch" is held at the Restaurant 'Luise' in Berlin-Dahlem to give young members of the DGPF the chance to exchange their experiences in their young science career. As a consequence the DGPF decided to support young scientist for participating at the Proteomics Forum 2013 by offering 10 travel scholarships. These stipends include 200 Euro as travel support to be paid after the congress against prove of attendance. All current DGPF members under 33 years can apply for those travel scholarships. To get the travel scholarships 4 steps have to be done:

1. Become a member of the DGPF ([15,- € membership](#)).
2. Submit an abstract to Proteomic Forum 2013.
3. Submit the conference abstract including a short application letter to the Nachwuchsarbeitskreis "SoGS" (kai.stuehler@hhu.de).*
4. Keeping fingers cross to be one of the first 10 applicants.

As soon as the abstract submission deadline has passed the winners of the DGPF- travel scholarships will be informed.

Good luck and see you in Berlin!!!

*Travel scholarships will be equally distributed between participating working groups.
